

Museu do Douro

O que vês e ouves ? Destino acessível e inclusivo.

A large, bright interior space, likely a museum or gallery, with a wooden floor. In the foreground, there's a lounge area with several white armchairs and a low glass coffee table. In the middle ground, a long white table is set with chairs, and two large glass vases are on the table. The background features a wall of tall, teal-colored cabinets with glass doors, displaying various items. The space is well-lit by track lighting and large windows. The text "4 Eixos de intervenção" is overlaid on the top right.
